

## Notice to Manufacturers

### 2023 Golf Club and Other Equipment Submissions (Not Including Golf Balls) **November 21, 2023**

As a follow up to our notice to manufacturers sent on May 30, 2023, the Equipment Standards department is currently moving its operation from Liberty Corner, NJ to Pinehurst, NC. To minimize disruption to the conformance evaluation process, please take note of the following key dates:

1. We will be receiving golf club and other equipment submissions (excluding golf balls) in Liberty Corner through **December 8, 2023**, and we will make every effort to process those submissions by **December 22, 2023**. However, we will process submissions on a first-in, first-out basis and we may not complete the evaluation until the first week or two in January 2024.
2. Golf clubs and other equipment (excluding golf balls) submitted for receipt to the USGA after **December 8, 2023**, must be sent to Pinehurst, NC. Please note that we will be in the process of transitioning the testing lab and staff to Pinehurst from November 2023 through early January 2024. As a result, there may be delays in providing conformance decisions for equipment received in Pinehurst.
3. Please see the attached updated submission forms with our new Pinehurst address:  
USGA Test Center and Administration Building  
3 Carolina Vista  
Pinehurst, NC 28374  
Attn: Equipment Standards

Should you have questions, please contact Shannon Kane, Manager, Club Conformance of Equipment Standards, at [skane@usga.org](mailto:skane@usga.org) or 908-326-1954.

Thank you.

USGA Conformance Administration Staff
